All In One

5 Actions After Sun

Micro-emulsion after sun spray continuous 5 Action after sun is a special combination of active ingredients that guarantees special result on the skin. It gives a lenitive effect and reduces redness, it protects and defends the skin against free radicals for a repairing and hydrating action. For a long lasting tan we introduced a MELANUP+TM, that stimulates the melanin production to get a natural tanning with no exposition to UV rays. Easy spray application that provides a soothing and refreshing feeling on the skin.

All In One

Protective dry oil spray continuous Innovative 5 Actions SPF spray continuous system. In a few seconds the UVA/UVB protection that you need on your skin.
